

As a corporate citizen, PT Thiess Indonesia aims to make a real and positive contribution to the communities in which we operate. We also pride ourselves on the strong relationships we develop with community leaders. Regional development is encouraged through the active involvement and participation of local businesses in the delivery of our projects. This in turn provides tangible benefits and positive outcomes for the communities in which our projects are located.

We have an ongoing commitment to support a range of community relations initiatives. The primary focus of these activities is to enhance the long term welfare of the community. Our overall Community Relations philosophy is based on assessing the immediate and future needs of the community and then providing legacy programs add real value long after we have left.

This is best demonstrated by the wide range of community activities the Company is involved in:

- Construction of schools
- Special community entertainment events and sports programs
- Provision of materials for schools including stationary, desks and chairs
- Inoculation programs
- Providing water and water pumps to kampongs (villages)
- Payment of teachers wages
- Public health clinics
- Access roads to kampongs
- Health and well-being education programs
- Safety education programs
