

**Location:**

*Sulawesi, Indonesia*

**Value:**

*US\$10 Million (Approx)*

**Client:**

*PT Siemens Indonesia*

**Contract Type:**

*General Service Agreement*

**Duration:**

*September 2006 - on going*

**Description of Works:**

In September 2006, Thies Utility Services Asia (TUSA), a joint venture between Thies Indonesia and Thies Services Pty Ltd signed a contract with PT Siemens Indonesia to provide network rollout support services across Indonesia.

The initial project is for the procurement and construction of approximately 10 Telkomsel mobile phone towers in North Sulawesi, including several remote islands over a four month period with a combined value of approximately US\$10M.

Thies offers a "full turn-key" solution for the scope which covers:

Site acquisition (SITAC)

Civil engineering, Mechanical and Electrical (CME)

With possibility for Installation, Test & Commissioning (ITC)

TUSA aims to become the premier partner of choice in the region for the design, construction, operations and maintenance of telecommunications infrastructure. This is achieved through a strong understanding of the region and our customer's business while offering our customers a high quality, value for money solution delivered on time and within budget.
