**Description of Works:**

In Mid March 2006, Thiess Utility Services Asia (TUSA), a joint venture between PT Thiess Contractors Indonesia and Thiess Services Pty Ltd, signed a General Services Agreement with PT Ericson Indonesia to provide network rollout support services throughout Indonesia.

The initial project is for the procurement and construction of approximately 600 Telkomsel mobile phone towers in North Sumatra and Kalimantan over the next 12 months with a potential combined value of approximately US\$ 50M.

There is also an enormous potential for growth based on performance and timely delivery of this project, with the rollout expected to continue for the next 4-5 years.

Thiess offers a "full turn-key" solution for the scope which covers:

- Site acquisition (SITAC)
- Civil engineering
- Mechanical and electrical (CME)
- Procurement and installation
