

**Location:**

Batangtoru, North Sumatera

**Value:**

US\$16 Million

**Client:**

PT Agincourt Resources, a subsidiary of G-Resources

**Contract Type:**

Lumpsum and schedule of rates contract

**Duration:**

September 2009 to August 2010

**Description of Works**

Thiess Indonesia was awarded the US\$16 million contract for the site earthwork preparations and camp erection works package for the Martabe Project, in North Sumatra.

The contract was awarded in September 2009 by PT Agincourt Resources, a subsidiary of G-Resources, listed on the Hong Kong stock exchange. Works are expected to be completed in August 2010.

**Project Delivery**

Thiess Indonesia will complete the first phase of site preparation and construction works which include:

- Site preparation
- Bulk earth works
- Embankments
- A camp for 134 workers

**Thiess' Role**

As the sole contractor, Thiess commenced project mobilisation immediately after signing in September 2009. Thiess Indonesia was working on the site in September 2008 on the same works when the project was suspended and sold by previous owners Oz Minerals.

The project is the first package awarded by the mine owner since recommencing the mine's development in 2009.
